This 35-hour course teaches participants how to open and run their own Family Child Care centre in their homes, for 2 to 7 children (LNR and Licensed). Through interactive sessions, participants learn about Child Growth & Development, Guiding & Caring, Health & Nutrition, Learning through Play, Safety & Emergency Procedures, Family Child Care Business Management, the child care subsidy process, and the LNR registration and licensing procedures. As the final assignment, participants will develop their own "Parent Package" (parent's manual containing the centre's policies, contracts, programming, daily schedule, etc.) which they must satisfactorily complete in order to receive a certificate of completion.

**Instructor:** Vesna Krcmar is an experienced facilitator and Early Childhood Educator, currently working as a Vancouver CCRR Child Care Services Consultant at Westcoast Child Care Resource Centre. She brings a rich background in working with 0-5 year old children in both family child care and group care settings and as a facilitator for the 35-hour Introduction to Family Child Care Course and the 20-hour Responsible Adult in Child Care Settings Course.
